

BAREROOT  
HEDGING

## BAREROOT HEDGING & FOREST TREES

---

Every winter Kingsdown supply miles of English grown hedging and thousands of forestry trees to projects all over the UK. These plants are carefully packaged and efficiently delivered straight to site anywhere in UK.

Our most popular item in this range is Kingsdown's own 'Native Country Hedge Mix'. This is comprised of an attractive mixture of native shrubs which will produce a stock proof hedge full of colour as well as food for wildlife. The mixture complies with government grant schemes and is a great favourite with Farmers, Estates and Habitat Specialists.

Most hedges or forestry plantations will need rabbit or deer protection – see page 110

Kingsdown Native Hedge Mix  
after three years. (Rootgrow used)  
See page 123

## AGE SYMBOLS

- 0/1 One year cutting. 1+0 One year seedling.
- 1+1 One year seedling transplanted and grown for one more year.
- 1u1 One year seedling with roots undercut and grown for one further year.
- 1+2 One year seedling transplanted and grown for two more years.
- C+1 Grown in a cell for one year and then planted out and grown for one more year.
