# Our Customers

## TRADE

As a professional in the trade you will benefit from wholesale prices and a huge choice of plants for almost any kind of project you may be working on. Our Seasonbook is produced annually and is where you will find information on trees, topiary, hedging and larger specimens.

We work extensively with Landscapers, Garden Designers, Property Developers, The National Trust, large Estates and Public Authorities.

## GENERAL PUBLIC

Kingsdown Nurseries are strictly wholesale only and do not sell directly to the general public.

However, we often get enquiries from non-trades people wanting to buy our stock and although prices or details are never discussed we do refer them to approved designers or landscapers we feel would reflect our company values.
